

**For all the times I've failed you Lord
Forgive me for every way I've fallen short
Lord forgive me now
Cleanse my heart and make me new
Like only you can do
Forgive me**

**And for the times my heart has strayed
Forgive me for ever choosing my own
way, Lord forgive me now
God I'm so in need of grace
I fall upon my face Forgive me**

**God I'm so in need of grace
I fall upon my face
Forgive me Forgive me**
